## Six Sigma Yellow Belt

This specialization is for you if you are looking to learn more about Six Sigma or refresh your knowledge of the basic components of Six Sigma and Lean. Six Sigma skills are widely sought by employers both nationally and internationally. These skills have been proven to help improve business processes, performance, and quality assurance. In this specialization, you will learn proven principles and tools specific to six sigma and lean.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.

Gregory L. Wiles, Ph.D.,  
P.E.  
Interim Chair and  
Assistant Professor  
Department of Systems  
& Industrial Engineering  
Southern Polytechnic  
College of Engineering  
and Engineering  
Technology  
Kennesaw State  
University
